What makes us so green?

Multiple LEED® Points Opportunity	The use of SCI Sponge Premium Rubber Carpet Cushion may qualify your project for LEED points for Air Quality, Building Materials, Acoustic Performance, and others. *For details, please view or download our guidance document at Commercial-CarpetCushion.com/Environment.html .
Recycled Content	All cushion contains not less than 20% pre-consumer recycled material.
Eco Friendly – Can Be 100% Recycled	All SCI® Premium Sponge Rubber cushion can be 100% recycled at the end of its useful life, keeping millions of pounds of waste from landfills.
Safe and Non-Toxic	All SCI Premium Sponge Rubber cushions are produced without the use of toxic chemicals or constituents, contributing to a safe healthy environment.
Contributes to Indoor Air Quality	All SCI Premium Sponge Rubber cushions meet or exceed the standard of the CRI (Carpet and Rug Institute) Green Label Plus program.
<small>*LEED® point consideration may involve compliance for complete systems and not a single component. We recommend a thorough review of the LEED requirements when filing for certification</small>
